ABRIDGED PROSPECTUS: LISTING BY INTRODUCTION OF NEPI ROCKCASTLE ON THE JSE

Abridged prospectus relating to the listing by introduction of all the issued ordinary shares of NEPI Rockcastle on the Main Board of the JSE Limited (the "JSE"), under the abbreviated name: "NEPIROCK", JSE share code: NRO and ISIN: IM00BDD7WV31 (the "JSE listing"). The company will be listed in the "Real Estate – Real Estate Holdings and Development" sector.

INTRODUCTION

As previously announced on the Stock Exchange News Service of the JSE ("SENS") and the websites of the Bucharest Stock Exchange ("BVB") and the Stock Exchange of Mauritius Ltd ("SEM"), New Europe Property Investments plc ("NEPI") and Rockcastle Global Real Estate Company Limited ("Rockcastle") intend merging their businesses in NEPI Rockcastle (the "merger transaction"). Investors are referred to the joint announcements released by NEPI and Rockcastle on SENS and the websites of the BVB and SEM on 14 December 2016, 13 February 2017, 28 April 2017, 11 May 2017, 31 May 2017 and 9 June 2017 for further details of the merger transaction.

Set out below are the salient details of NEPI Rockcastle, more fully described in the prospectus which will be made available to NEPI and Rockcastle shareholders from today, a copy of which was registered in terms of the South African Companies Act 71 of 2008 ("SA Companies Act") with the Companies and Intellectual Property Commission on Friday, 2 June 2017 (the "full prospectus"). For a comprehensive appreciation and understanding of NEPI Rockcastle, the full prospectus should be read in its entirety.

This abridged prospectus is not an invitation to the public to subscribe for shares. It is issued in compliance with the Listings Requirements of the JSE ("JSE Listings Requirements").

The full prospectus has been prepared for the purpose of providing information regarding the business and affairs of NEPI Rockcastle as at the time of listing on the JSE by introduction, on the assumption that the merger transaction will be implemented in accordance with its terms. In addition, the full prospectus is issued to provide information regarding the business and affairs of NEPI Rockcastle for the benefit of NEPI shareholders who, in terms of the merger transaction, have an opportunity to voluntarily sell their NEPI shares to NEPI in consideration for which NEPI will transfer to participating shareholders the right to be issued such number of new NEPI Rockcastle shares as is determined based on the swap ratio of 1 NEPI share for every 4.7 Rockcastle shares and pursuant to which shareholders will receive 1 NEPI Rockcastle share for every 1 NEPI share repurchased (the "NEPI repurchase"). In terms of the SA Companies Act, the NEPI repurchase constitutes an initial public offering by way of a secondary offer by NEPI of NEPI Rockcastle shares and thus requires the issue of a registered prospectus.

All information included in both the full prospectus and this abridged prospectus reflects the business and affairs of NEPI Rockcastle at the time of listing on the JSE, determined with reference to all relevant information as it relates to NEPI and Rockcastle (and as it relates to the NEPI assets and Rockcastle assets that are the subject of the merger transaction) as at 12 May 2017.

NATURE OF BUSINESS, BUSINESS STRATEGY AND PROSPECTS

NEPI Rockcastle was incorporated in the Isle of Man on 1 December 2016. NEPI Rockcastle will, in terms of the merger transaction, acquire 100% of NEPI and Rockcastle's assets and liabilities (excluding any shares in NEPI Rockcastle itself). Upon implementation of the merger transaction, the company will operate as an internally managed commercial property investor and developer owning and managing dominant retail assets and A-grade offices in the Central and Eastern European ("CEE") region, with a complementary portfolio of

global real estate listed securities.

NEPI Rockcastle is expected to have a substantially enlarged market capitalisation in comparison to NEPI and Rockcastle, respectively, with all shareholders benefitting from enhanced liquidity. As the vehicle for the merged NEPI and Rockcastle businesses, the company will benefit from an extensive operational platform and both companies' strong track record of completing value-enhancing acquisitions and developments. The company also integrates two complementary management teams with experience in adjacent jurisdictions, positioned to unlock strategic synergies and create further value for shareholders.

NEPI Rockcastle is well positioned for growth, driven by expansion of a best-in-class operating platform, as well as a reduction in exposure to listed securities in favour of increasing direct property investments. Geographically diverse management skills will allow NEPI Rockcastle to pursue CEE property opportunities more efficiently, giving it a strategic advantage in the acquisition, development and management of properties.

On 31 May 2017, Moody's Investors Service ("Moody's") changed the outlook on NEPI's Baa3 long-term issuer rating and senior unsecured bond rating from stable to positive, considering NEPI's planned merger with Rockcastle in NEPI Rockcastle. The positive outlook primarily reflects the significantly larger property portfolio and improved geographical diversification of NEPI Rockcastle. In Moody's view, NEPI Rockcastle will become a leading owner of shopping centres in Eastern Europe. Furthermore, on 1 June 2017, S&P Global Ratings ("S&P") assigned NEPI Rockcastle a 'BBB' preliminary long-term corporate credit rating with a stable outlook. S&P noted that NEPI Rockcastle should emerge as a leading real estate investment group in CEE following the merger of NEPI and Rockcastle. Investors are referred to the joint announcement released by NEPI and Rockcastle on SENS and the websites of the BVB and SEM on 5 June 2017 for further information.

Given the nature of its business, and as it is considered a more relevant performance measure than earnings or headline earnings per share, NEPI Rockcastle will use distribution per share as its key performance measure.
